Available sizes: 36-48

SPECIAL FEATURES

Safety sandal CADIZ is designed for superior comfort and safety in dry, warm working environments. These sandals are equipped with a fiberglass protective toe cap that provides a high level of impact protection, while the textile protective insole provides additional safety against punctures from sharp objects. The inside of the sandals features an innovative memory foam-based insole that provides exceptional comfort and reduces foot fatigue even after long work shifts. The upper is made of high-quality nubuck leather with mesh inserts, which allows optimal airflow and keeps the feet cool and dry. Our innovative Float Tech sole technology, made of low-density polyurethane, provides extra comfort while wearing.
