Extraction conditions (tested for 1 hour in 40°C)	Analysis results [mg/dm²]	Test Results (limit < 10 mg/dm²)
3% acetic acid	7.98	Pass
10% Ethanol	0.27	Pass
20% Ethanol	0.72	Pass
50% Ethanol	3.24	Pass
Olive oil	Not detected (<2.0)	Pass

# PPE classification & compliance

Gloves are classified as Personal Protective Equipment – category I for minimal risk according to the Regulation 2016/425.

Compliance with standards: EN 420:2003+A1:2009.

Declaration of Conformity can be found under below web address: <a href="https://en.mercatormedical.eu/">https://en.mercatormedical.eu/</a>

#### Intended use

These are non-sterile protective gloves, intended for use in hygienic and sanitary works in public places, for maintaining cleanness in facilities, utility rooms and home, professional cleaning services using cleaning materials of weak action, gardening, agriculture, food processing and food contact, for use in household and mechanical works with risk only superficial mechanical injury. Classified as Personal Protective Equipment category I for minimal risk. Their design and labeling corresponds to the requirements of the Regulation 2016/425 on Personal Protective Equipment. Gloves should be used solely according to their intended purpose.

#### Precautions and indications for use

Dry hands before putting the gloves on. Before usage, inspect the gloves for any defect or imperfections. If the gloves get punctured, torn or broken during their use, take them off and put on the new ones. Avoid using gloves dirty in the inside as they may cause irritation leading to skin inflammation or more serious damages. The gloves should not be used in contact with open fire and to protect against any sharp tools. The gloves are not intended for welding, electric shock protection, ionizing radiation or from the effect of hot or cold objects.

### Components / hazardous components

Some gloves may contain components known to be a possible cause of allergy for person allergic to them, who may develop contact irritation and/or allergic reaction. In the case of an allergic reaction, seek medical assistance immediately.

#### Disposal

Used gloves should be disposed of in accordance with local regulation. Gloves should be buried or burned under controlled conditions.
