

KNEEPADS KNEE GEL

Ref. 8KNEG

TECHNICAL SHEET

REFERENCES AND SIZES

Reference	8KNEG
Barcode	3435248000043

GENERAL DESCRIPTION AND MATERIALS

- **Independent kneepads in EVA** (thermoplastic Ethylene-Vinyl-Acetate) with a plastic cap and gel inside for more comfort
- **2 tightening elastic straps with a plastic buckle fastening system** (to be fastened on the outer side of the leg)

SPECIFIC ADVANTAGES

- **Knee protectors for work in the kneeling position**
- **Great comfort thanks to the gel system**
- **To be fastened around the leg** (allows the worker to change or leave the kneeling working position easier, to re-establish normal blood circulation)

MAIN APPLICATION FIELDS

- **Working in the kneeling position on a flat floor**
- **Not to be used in difficult conditions** (like on broken rocks)
- However, **no knee protector can guarantee that the worker will not suffer from medical complications** when they work in the kneeling position for a long time
- **Type 1** = Knee protectors, independent from another garment to be attached around the leg
- **Level 1** = the knee protectors should be adapted to work on flat floors where objects higher than 1 cm are not a common danger

PACKAGING

- **1 pair** in a display box
- **10 pairs** in a box

STANDARDIZATION

These kneepads are in conformity with the model of individual safety equipment which correspond to

The CE Type-examination certificate **4548 (Issue 1) Extension 1**

Delivered by **SATRA (notified body n° 0321)**
